Schedule of Rates: Groups and weightages

Charges which are normally claimed and rates which are sought to be quoted by the C&F agent are classified in three groups (A,B&C) for the purpose of comparison among different bidders. Each bidder depending upon his quoted rates will be given marks from 0-100 from each group. Finally different weightages will be given to the marks obtained in each group to calculate the total score of each bidder.

Group	Weightage
Group A (discount on freight as per IATA rate)	70
Group B (discount on Custom clearance and agency commission charges)	10
Group C(Discount on Inland Transportation and delivery charges to IIM)	<u>20</u>
	100

Formula for calculating Marks/Score:

Following formula will be used to arrive at score of a bidder in individual Group (A, b OR c):

The bidder with the highest discount in a group will be given 100 marks while the lowest will be given 0. The rest of the bidders will be given marks in between as per the following formula:

$$\frac{\text{Bidder's quote} - \text{Lowest quote}}{\text{Highest quote} - \text{Lowest Quote}} \times 100$$

Highest quote-Lowest Quote

e.g. if three bidders b_1 , b_2 and b_3 have quoted 20%, 40% and 60% discounts respectively for Group A, then the marks obtained by b_3 shall be 100 while marks of b_1 shall be 0 and the marks obtained by b_2 for Group A shall be calculated as follows:

$$\frac{40-20}{60-20} \times 100 = 50$$

60-20

This way , score of the bidder (b_2) shall be calculated for Group B and C also to arrive at his final scores as per the following formula:

$$\text{Total score of a bidder} = \frac{70(A) + 10(B) + 20(C)}{100}$$

Where A,B and C are marks obtained in respective three groups by the bidder (b_2)

Bidder with maximum total score as per Annexure B (Price schedule) and the above formula shall be selected as the lowest evaluated bidder. Conditional bid will be rejected.

Bidders are advised to carefully read the scope of work and the terms & conditions before submitting technical Bid and Price Bid
